About the NCC

The NCC is the UK trade body for the tourer, motorhome, caravan holiday home and park home industries. We have been at the heart of the industry for over 70 years.

We are a not-for-profit membership organisation. We have approximately 800 outlets in membership, from manufacturers and dealers to parks and specialist service providers. Working with our members, we try to ensure that customers receive quality products, professionally supplied, fairly traded and well supported.

"Our vision is for an industry that delivers high quality products and services and treats consumers fairly."

How we can help...

Buying a caravan or motorhome: staying safe

If you are buying a tourer, motorhome or caravan holiday home, new or second hand, the first thing you will want to do is to ensure that the vehicle is safe and legal.

Our Product Approval Scheme ensures your safety through:

- a series of thorough checks on new tourers and motorhomes by independent inspectors
- examination of gas and electrical installations; tyres, road lights, reflectors; weights and dimensions; fridge, heater and water systems; ventilation and emergency exits... and much more
